DAVID LEGER

DESIGNER // DEVELOPER // SOFTWARE ENGINEERING STUDENT

First, a bit about me.

I am a third year Software Engineering student at the University of New Brunswick. My favorite area to work in is front-end web development, but I like back-end as well. I'm most interested in working with new technologies and frameworks. My goal at the moment is to become a fullstack developer and a full process designer. However longterm, I just want to build something amazing! I'm driven by the philosophy that code is not merely a technical skill but rather a medium for art.

Where I got my education.

SOFTWARE ENGINEERING, UNIVERSITY OF NEW BRUNSWICK
SEP 2013 - PRESENT

The UNB Bachelor of Science in Software Engineering (BScSwE) program is a joint program of the Faculty of Computer Science and the Dept. of Electrical and Computer Engineering. The BScSwE program is one of 14 Software Engineering programs accredited by the Canadian Engineering Accreditation Board (CEAB), and the only CEAB accredited Software Engineering program in Atlantic Canada. [source: www.unb.ca]

ROTHESAY HIGH SCHOOL
SEP 2009 - JUN 2013

At Rothesay High School, I was involved in many extra-curricular groups including Student Representative Council, Leadership in Volunteerism, Habitat for Humanity, Rotary Interact Club, and Junior Achievement. I was in the French Immersion Program, enrolled in several Level 1 (advanced) and AP courses, and graduated with High Honours.

M101JS: MONGODB FOR NODE.JS DEVELOPERS, MONGO UNIVERSITY
MAR 2015 - ARP 2015

An introductory course provided by MongoDB, Inc. which focuses on learning the basics of developing applications with MongoDB and the Node.js driver. The course material covers CRUD (Create , Read, Update, Delete) operations, schema design, indexing, and performance.

Some *work* I've done.

WEBSITE MANAGER, ATLANTIC FOOTBALL LEAGUE
JUL 2015 - PRESENT

As the website manager for the Atlantic Football League, I am tasked with building and maintaining the league's website. This includes uploading news and media content, updating player stats and game scores, and more. Website URL: http://atlanticfootball.co

WEBSITE & DATABASE DEVELOPER, UNB FACULTY OF EDUCATION
JAN 2015 - APR 2015

As the only developer for the Faculty of Education at the University of New Brunswick, I built dynamic and responsive web applications with PHP, HTML, CSS/SCSS, and JavaScript/jQuery.

JUNIOR PROGRAM ANALYST, MARINER INNOVATIONS
MAY 2014 - AUG 2014

At Mariner, I built COBOL/JCL analyzation tools to examine and visualize program interactions and database calls within large-scale applications. Used AWK, Batch, C# (Roslyn), Java (ANTLR), HTML, CSS, and Javascript (D3.js).

A few **skills** *I'm working on.*

SOFT SKILLS

COMMUNICATON

LEARNING/ADAPTABILITY

ORGANIZATION

PROBLEM SOLVING

PROJECT MANAGEMENT

TIME MANAGEMENT

TECHNICAL SKILLS

BACK-END DEVELOPMENT

DOCUMENTATION

HARDWARE PROGRAMMING

FRONT-END DEVELOPMENT

NOSQL DATABASES

RELATIONAL DATABASES

UI/UX DESIGN

These are some skills I want to focus on in my career. My experience in each skill is based on my self-precieved proficiency and time spent actively working on it.
